NMI Democratic Party Statement on the Inauguration of the 47th President

Donald Trump returned to the White House and immediately began dismantling protections and policies instituted by the Biden-Harris administration. Trump's actions tell us exactly what to expect of his presidency and precisely whom his extremist agenda will target. Trump's actions tell us that he is against diversity, equity, inclusion, and accessibility. Trump's actions tell us that he will favor the richest in this nation at the expense of the middle and working classes. Trump's actions tell us he is in favor of the high cost of prescription medicine. Trump's actions tell us that there is no room in his America for transgender and gender-nonconforming and queer people. And the list goes on. It is worth asking whether Governor Palacios, Delegate King-Hinds, and the NMI Republican Party are on board with Trump's America. We are not. We will resist. We will hold Donald Trump, the national GOP, and the NMI GOP accountable.

Democrats in the Northern Mariana Islands and throughout the United States believe that healthcare is a right, diversity is a strength, the economy should work for everyone, and facts and truth matter. In the Northern Marianas and across the nation, Democrats are guided by these core values: collaboration, responsibility, accountability, vision, and ethics. And we are committed to building a safe, healthy, beautiful, and sustainable Northern Marianas!
